

# USED OIL RECYCLING

- We ensure ecological disposal of used cooking oils (UCO) without any harm to the environment under strict regulations of ISCC in which we express our responsibilities in the area of sustainable development.
- We provide empty, properly marked containers ideal for storage UCO.
- We prepare a contract for disposal of the waste for inspection agencies.
- We provide regular collection of used oil.
- We will offer you the best price.
- Waste we recycle and process into raw material for further technical use.
- We produce biodegradable lubricants with further environmental use.
- We have a certificate for waste disposal and we have ISCC certificate.
