

Lubricating oils *Lespol*

- ✓ High performance
- ✓ Biodegradable
- ✓ Product of recycled cooking oil

Lubricating oils *Lespol*

For households and industries such as forestry, agriculture, construction and transport

- ✓ High performance lubricants with purpose-adjusted viscosity
- ✓ Excellent oxidation stability, anti-corrosion and conservation properties
- ✓ Readily biodegradable, perfect for use in our gardens and beautiful countryside
- ✓ Environmentally considerate – product of recycled cooking oil

LESPOL

Chain oil and multi-purpose lubricant for general use in households and industries.

Viscosity: medium

Packaging: 1 l, 5 l, 10 l, 20 l, 60 l, 200 l

LESPOL 100V

High-viscosity chain oil for heavy machinery.

Viscosity: high

Packaging: 20 l, 60 l, 200 l

LESPOL 125V

Extra high-viscosity chain oil for high-load and high-stress applications.

Viscosity: extra high

Packaging: 20 l, 60 l, 200 l

LESPOL - T

Lubrication oil for machine and tool maintenance.

Viscosity: low

Packaging: 20 l, 60 l, 200 l

LESPOL - S

Separating oil

Separating oil for general use in the construction sector. Facilitates the separation of asphalt and concrete mixtures from the formwork protecting the tools and equipment.

Packaging: 10 l, 20 l, 60 l, 200 l

LESPOL - R Thinner

Low-viscosity thinner used to dilute Lespol lubricants (for better penetration and easier spray application) or to remove dirt.

Packaging: 10 l, 20 l, 60 l, 200 l
